UNICEF: 300 Million Children Breathe Toxic Air

NEW YORK, New York, October 31, 2016 (ENS) - One in every seven children, 300 million, endure the world's most toxic levels of outdoor air pollution - six or more times higher than international guidelines - and many die as a result, finds a new report from UNICEF, the United Nations Children's Fund.

Open Data Initiative: Taiwan Power Crisis Avoidable

TAIPEI, Taiwan, October 31, 2016 (ENS) – Premier Lin Chuan's June order to power up the mothballed No. 1 reactor at the Jinshan Nuclear Power Plant in New Taipei City was prompted by a power shortage that was deliberately engineered by the state-owned Taiwan Power Company, Taipower, according to former national policy adviser Rex How.

Greenpeace to Samsung: Recover Metals in Recalled Phones

SEOUL, South Korea, October 31, 2016 (ENS) - Samsung Electronics Co., faced with the discovery that the lithium ion batteries in its Galaxy Note 7 smartphone could ignite, has recalled 2.5 million of the devices from 10 countries. Greenpeace wants Samsung to retrieve tons of precious metals from the waste phones.

New Ross Sea Protected Area Now World's Largest

HOBART, Tasmania, Australia, October 30, 2016 (ENS) - The world's experts on Antarctic marine conservation have agreed to establish an expansive marine protected area, MPA, in the Ross Sea region of the Southern Ocean to meet conservation, habitat protection, ecosystem monitoring and fisheries management objectives.

	<p><u>141 Water Protectors Arrested at Dakota Pipeline Protest</u></p> <p>MANDAN, North Dakota, October 28, 2016 (ENS) - Law enforcement officials in riot gear arrested 141 people at a demonstration on private land against construction of the Dakota Access Pipeline Thursday. 300 police officers used armored military vehicles, pepper spray, tasers and tear gas against the Standing Rock Sioux Tribe and supporters from over 300 U.S. Native Nations...</p>
	<p><u>Fueling U.S. Truck Fleets Is Destroying the Amazon</u></p> <p>OAKLAND, California, October 28, 2016 (ENS) - U.S. imports of crude oil from South America's Amazon rainforest are driving the expansion of oil operations into pristine regions, devastating unique biodiversity and indigenous peoples, poisoning U.S. refinery communities, and changing the global climate, finds a new report by the nonprofit Amazon Watch.</p>
	<p><u>Jury Finds Bundys Not Guilty in Refuge Occupation Trial</u></p> <p>PORTLAND, Oregon, October 28, 2016 (ENS) - In a surprise blow to federal government control over public lands, a jury has delivered a not guilty verdict for seven defendants charged in the occupation of Oregon's Malheur National Wildlife Refuge earlier this year.</p>
